

Tenure-Track Position in Evolutionary Biology - Effective 03 June 2017

The Biodiversity Research Center, Academia Sinica (BRCAS, <http://biodiv.sinica.edu.tw/>), Taipei, Taiwan, invites applications for a tenure track position in **Evolutionary Biology**. The rank is open, although junior scientists are preferred. Candidates with a research interest in evolutionary biology are encouraged to apply. Applicants who address evolutionary biology questions using molecular and genomic approaches are preferred. Applicants must have postdoctoral research experience and have a strong publication record.

BRCAS was officially established in 2005. The center consists of four divisions: Marine biodiversity and ecosystems, Terrestrial biodiversity and ecosystems, Molecular and genomic evolution, and Microbial biodiversity. BRCAS provides each PI with some internal support and a good start-up. It is in charge of a sequencing core with two HiSeq2500s, one MiSeq, and one PacBio Sequel. Academia Sinica is well-equipped with modern research facilities. The position will be open until filled; however, the first review will be conducted in **mid-Sept 2017**. Applicants should submit the names and e-mail addresses of three references along with CV (including a list of publications), 3–5 representative papers (pdf files), and a statement of past accomplishments and future research interests to Ms. Miao-Suey Lin (zomslin@gate.sinica.edu.tw). Please indicate the rank to which you want to apply: our “assistant research fellow” is equivalent to “assistant professor”.
